

GLASS AND GLAZING OPTIONS

Marvin offers a range of standard, performance and specialty glass options:

PERFORMANCE GLASS OPTIONS

Glazing options such as LoE²-272® and LoE³-366® enhance energy performance.

Tripane glazing, available with argon or krypton gas, provides excellent energy performance. Tripane features two coated panes of glass with a third pane spaced between them. It's available with LoE²-272 on both panes, with LoE-180 on both panes for high SHGC, or with LoE³-366 on the exterior pane and LoE-179 on the interior pane for low SHGC. Tempered and laminated glazing options are available to meet special safety and impact requirements.

GLASS OPTIONS

SPECIALTY GLASS OPTIONS

Marvin offers a broad range of specialty glass options, including:

* Laminated glazing is also available in clear, bronze, grey, or green with tinted interlayers.

GLAZING BAR OPTIONS

Marvin has a variety of ways to bring out the best in your window designs:

Simulated Glazing Bar with Spacer Bar - an energy-efficient way to create the look of glazing bars. These bars are permanently adhered to both sides of the glass. A spacer bar is installed between the glass, creating the essence of Authentic Glazing Bars.

Simulated Glazing Bar - these bars are permanently adhered to both sides of the glass.

Authentic Glazing Bar - Separate pieces of glass are glazed between muntin bars-the way windows have been made since the beginning. Only now, Marvin's state-of-the-art design adds energy efficiency to traditional appeal.

Glazing-bar-between-the-Glass (GBGs) - bars are permanently installed between the glass panes. This low-maintenance option creates the look of glazing bars.

GBGs Colour Choices for Exterior and Interior - Colour options allow for two tone glazing-bars-between-the-glass. Choose from 13 exterior colours or 4 interior colours.

Removable Glazing Bar - Solid wood bars on the interior offer the look of a classic glazing bars, but can be easily removed for cleaning.

GLAZING BAR PATTERNS

Marvin's custom capabilities allow us to create almost any glazing bar pattern you can dream up. Glazing Bars can feature an array of muntin widths, unique muntin profiles, rectangular or radius cuts and more. Choose from an existing bar cut, specify custom glazing bars according to a new design or ask our design professionals to assist in creating a pattern for your needs.

The result is a window or door that combines the detailing and craftsmanship of a small millwork house with the product performance delivered by an industry leader.
